## Q2 Summary

Thinking about the debate over the expansion of Britain's air capacity, to what extent do you agree or disagree, if at all, with the following statements?

	Airport capacity in the UK needs to be expanded or it will damage the economy	The effect of expanding Heathrow on the people that live nearby matters more than the possible economic benefits of expanding it	The current debate about airports doesn't really affect me or my family	I believe the government will choose the right option when it comes to expanding Britain's airport capacity	We should not expand British air traffic capacity any further
